

What we believe

We offer good quality services.
We make sure we know what support you need and want.

We will support you to be part of the community and know your rights.

We will support you to be independent.

We will support you to make choices about things that are important to you.

We will support you when you see your friends and family, if you want.

We will support you to be healthy.
You will have health checks by doctors, dentists and opticians.

We will respect your culture, religion and nationality.

We will work with you and your family, carers and advocates to support you to make changes to your life.
